## SEGURFLEX DATASHEET Z10Z1-K (AS)

Alarm Cable

### Description:

Flexible LSZH multicore cable, generally used for security and alarm installations. Features an overall screen for improved performance against potential interference and crosstalk.

**CPR: B2ca -s1a, d0, a1**

**Reference Numbers:**

002-1202204 4x0.22 mm<sup>2</sup>

**Standards and Compliance:**

UNE EN 50575/A1:2016

UNE EN 60332-1-2

UNE EN 50399:2012

UNE EN 61034-2

UNE EN 60754-2

RoHS Compliant

### PHYSICAL CHARACTERISTICS:

**Conductor:** Class 5 Flexible Copper (IEC 60228)

- **Diameter:** 0.22 mm<sup>2</sup>

**Insulation:** LSZH EVA Polyolefin

- **0.22 Color:** White, Yellow, Green, Blue
- **Core Diameter:** 1.1 mm

**Shield:** Aluminum Mylar Tape

**Drain Wire:** Stranded Tinned Copper

**Jacket:** LSZH Polyolefin

- **Color:** White

### ELECTRICAL CHARACTERISTICS:

**Test Voltage:** 2000V DC > 5 Minutes

**Operating Voltage:** 250V
